Limited seats! Enroll now!

Feedback given by our participants:

1. Mrs. Jeyanthi Venkat:

I would like to thank you for this well-designed course on kids' early intervention. The materials given were very useful. Being a mom of a kid with little delay, this program was very much useful to better understand my kid and his development. The practical assessments were very useful to get a clear idea about the developmental checklist. The class room training (contact classes) reminded my college days. The sessions were very well planned and organized. Overall, the training was very useful and I got a better knowledge about the developmental delays in kids and intervention techniques.

2. Pushpalata (Mother of Somansh Samal), Jamshedpur (May 10, 2018)

I would like to thank Com DEALL for early intervention certificate program which gives me a lot of strength for work with my child also giving me a confidence to understand in a better way of my child needs. I would like to specially thank Prathibha mam for introducing this early intervention program in a distance mode so that parents can easily able to do the program.

Disclaimer:

The Com DEALL Program in Early Intervention program is designed as an add on training for professionals and to enable parents to work on early intervention for children with Autism Spectrum Disorders (ASD) and other developmental disabilities in the Com DEALL model.

This course is intended to train the parent/caregiver to train their particular child/ward. It does not qualify the participant to

- 1) Practice as an interventionist.
- 2) To train other individuals in Early Intervention in the Com DEALL model.
- 3) Set up a Com DEALL affiliate unit.
